Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	Having reviewed the plans I would make the following comments. I would request that there be no bonfires but to remove materials off site. I would also request that the contractors vehicles do not obstruct access to my property so as to get my car in and out of my drive. Even parking opposite makes it difficult to get my vehicle out on to

the road.
Finally I find it odd that the extension to the side of the property is a "box" which is not in keeping with the nature of the road and sticks out like a sore thumb and also is incredibly close to the property at number 4

Kind regards
