Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	I object to this application as West end lane is already far too busy with cars, lorries and vans mixing with lots of people walking their dogs, kids or on their horses. It's a rural location and to add all these houses with extra cars whizzing up and down the lane will make it even worse. I love to walk and run up and down the lane from my house , taking in the countryside and the relaxing and every extra car makes this harder and less fun. I know we need more houses in the uk , but build them adjacent to the village where there are footpaths, buses, street lights and

facilities rather than in the countryside

Kind regards
