Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	I object to this application. This is on a number of grounds: - the traffic congestion at the Moorhead roundabout is already significant and causes huge disruption at morning rushhour and pollution from cars which are waiting in traffic. - the loss of natural areas including farming fields has hugely decreased around Horsham, especially in the north and west. This is decreasing the quality of life as well as impacting wildlife and eco-systems within the High Weald National landscape. - the significant growth of Horsham which is already in place and planned can already not cope regarding local infrastructure including the lack of acute hospital within a reasonable distance, delays in accessing GP appointments due to the lack of GPs and GP surgeries.

Please reject this application.

Regards

Kind regards
