Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

I am seeking consent to install an electric unvented direct cylinder to supply hot water to the taps in the upstairs bathroom and downstairs kitchen and toilet. The house currently does not have a boiler.

The install will need two power points and an extractor fan in the bathroom.

Location of all pipes, electrics, fan and cylinder will be installed in the newer part of the house.

I am planning to put the slim line cylinder into an existing cupboard in the back bedroom, to get an idea of the pipes and cylinder placement, please see floor plan attached. Luckily the distance is relatively short with easy access into the floor or loft. Pipes to be hidden as much as possible.

The bathroom extractor fan is required to help mitigate against the damp, the placement of the window doesn't lend well to the extraction of all the steam.

This sounds acceptable in principle but will require listed building consent to fully assess the implications. One thing that does immediately spring to mind will be the need to fit an extraction fan and flue that exits through a tile vent in the roof or out under the eaves. A vent in the external wall will not be appropriate.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
