

## Appendix 2.2: Statement of Technical Competence

| Technical Competence in EIA and Major Accidents and Disasters           |                        |                |
|-------------------------------------------------------------------------|------------------------|----------------|
|                                                                         | Lead Author            | Reviewer       |
| Name                                                                    | James Banks            | Andy Ricketts  |
| Company                                                                 | Turley                 |                |
| Qualifications / Accreditations Relevant to Technical Area              | BSc (Hons), MSc (Hons) | BSc (Hons), MA |
| Does the practitioner hold an impact assessment specific qualification? | PISEP                  | PISEP          |
| Company hold ISEP QMark?                                                | Yes                    |                |
| Years Technical Experience (in Technical Area)                          | 7                      | 22             |
| Number of EIA's Delivered to Date                                       | 25+                    | 100+           |

| Technical Competence in EIA and Agricultural Land and Soil              |                                    |            |
|-------------------------------------------------------------------------|------------------------------------|------------|
|                                                                         | Lead Author/ Reviewer              | Researcher |
| Name                                                                    | Tony Kernon                        | Dan Miller |
| Company                                                                 | Kernon Countryside Consultants Ltd |            |
| Qualifications / Accreditations Relevant to Technical Area              | BSc (Hons), MRICS, FSAg            | BSc (Hons) |
| Does the practitioner hold an impact assessment specific qualification? | No                                 | No         |
| Company hold ISEP QMark?                                                | No                                 |            |
| Years Technical Experience (in Technical Area)                          | 38                                 | 1          |
| Number of EIA's Delivered to Date                                       | 300+                               | 0          |

| Technical Competence in EIA and Air Quality and Lighting and Noise and Vibration |                                         |                           |
|----------------------------------------------------------------------------------|-----------------------------------------|---------------------------|
|                                                                                  | Lead Author                             | Reviewer                  |
| Name                                                                             | Nigel Mann                              | Matthew Smith             |
| Company                                                                          | NALO Group Ltd                          | Tetra Tech                |
| Qualifications / Accreditations Relevant to Technical Area                       | BSc (Hons), MSc, PGDip                  | BSc Environmental Studies |
| Does the practitioner hold an impact assessment specific qualification?          | MIOA, ILP, MIAQM (pending)              | AMIOA, MIAQM              |
| Company hold ISEP QMark?                                                         | In Progress (newly established company) |                           |
| Years Technical Experience (in Technical Area)                                   | 27                                      | 8                         |
| Number of EIA's Delivered to Date                                                | 210                                     | 65                        |

| Technical Competence in EIA and Archaeology and Built Heritage          |                           |                  |
|-------------------------------------------------------------------------|---------------------------|------------------|
|                                                                         | Lead Author               | Reviewer         |
| Name                                                                    | Ashley Bryant             | Eddy Stratford   |
| Company                                                                 | EDP                       |                  |
| Qualifications / Accreditations Relevant to Technical Area              | BA (Hons), MA, MSc, ACIfA | BA (Hons), MCIfA |
| Does the practitioner hold an impact assessment specific qualification? | No                        | No               |
| Company hold ISEP QMark?                                                | No                        |                  |
| Years Technical Experience (in Technical Area)                          | 15                        | 23               |
| Number of EIA's Delivered to Date                                       | 10+                       | 20+              |
