Comments:	I have logged onto the HDC portal to review the application but there does not appear to be any drawings (plans or elevations) showing the proposed extension or changes detailed in the written application. Please can these be added to the portal so that we can assess the application. The application has tomorrow (09.07.2026) as the deadline for

comments. I would ask that this application is extended to allow full review of the drawings and elevations so we are able to understand the proposal and any impact.

Kind regards
