Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Although not the primary basis of my objection, I am also concerned about the cumulative impact on local services, including schools, healthcare facilities and emergency services, which already experience significant demand.

Conclusion

For the reasons outlined above, including conflict with planning policy, the adverse impact on the High Weald National Landscape, harm to wildlife and trees, increased traffic and safety concerns, noise and disturbance, and the loss of an important natural space that supports community wellbeing and mental health, I respectfully request that Horsham District Council refuse Planning Application DC/26/0671.

This countryside is a valuable and irreplaceable asset. Once lost to development, it cannot be restored. Future generations should be able to enjoy the natural beauty, wildlife and public footpaths that make this area such an important part of our local community.

Kind regards
