Commenter Type:	Member of the Public
-----------------	----------------------

Stance:	Customer objects to the Planning Application
---------	--

Reasons for comment:	- Loss of General Amenity - Overdevelopment - Trees and Landscaping
----------------------	---

Comments:	I am writing to strongly object to this change of use. Its clearly a precursor to making a planning application for building housing and as such is a deceptive application. The local plan that included this land was rejected by a planning inspector. Therefore this application should be rejected as well to preserve the character of the area and the green gap between the local villages.

Kind regards
