From Original Design & Access Statement
** Our Client would like to Re-Instate a Sussex Barn Construction in place of the existing barn. Woolvens Farms Original barn was destroyed by fire in the 70s. (Please See OS Map showing Original Barn position.)*

My Client's (Mr.Neil Friar) father [redacted]
He was the local Acheologist for the Area for Worthing Museum between 1960 – 1980.
He also played a major role in creating the Weald & Downland collection of Buildings.
It would be a great tribute to the Captain to re-instate Woolvens Barn on the Site .

ASHINGTON ASSETS & TREASURES REPORT MAY 2019 Produced by Ashington Neighbourhood Plan Steering Committee
