Dear Sophie

Thank you for your email 17/04/2026 as regards "Application for Approval of Details Reserved by Condition 3, 4, 5, 6, 7, 8, 9, 10, 11,12 to approved application DC/22/1458".

I note that ENVH have asked for written clarity regarding our intention to no longer proceed with a rainwater harvesting system given the removal of water neutrality requirements in our area.

I can confirm that we are indeed no longer proceeding with our proposed rainwater harvesting system given the removal of water neutrality requirements in our area.

We will instead apply to Southern Water to reconnect our existing mains water supply which currently is located inside the entrance to Denver Storage, Okehurst Lane, Billingshurst, West Sussex, RH14 9HR.

Regards

Nick Plank
