Subject: DC/26/1266

Dear Tree Officer,

I have submitted my application ref DC/26/1266 to have some trees trimmed at Checkmate Fryern Road RH20 4NT. TPO 0399. I had a reply requesting that I send some measurements, directions and justification.

Yew hedge T4-18(G3) Total height 4m Total width 3m Branches 1.5m Branches after trimming 1m SE side only. (Facing our property) It is getting in the way of the shed.

Hazels T19-20 We have decided not to trim them so please delete.

Hazels G2 We have decided not to trim these so please delete. We just want permission to remove the bamboo which is right next to the hazels as this is spreading. The bamboo removal company we are using require your permission before starting.

Oak T26 Total height 24m Total width 9m Branches 4.5m Branches after trimming 3m. Trim all round NSEW. The reason is that it is very close to the roof of the house. We also are still seeking permission to trim the Wisteria which entwines the whole height and width of the tree. The company doing this requires your permission before starting.

Cupressus Leylandii T32-43 (G4) We have not applied to trim these. Just to remove a plant climbing through them. We have managed to do this without affecting the trees. So please delete.

Thank you
