Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	I wish to object to the proposed development on the grounds that it would result in the unnecessary loss of existing green land and would cause harm to the character and appearance of the surrounding area. The development will reduce the amount of accessible and visually important green space available to the public in Horsham. This development will result in loss of bio diversity, habitats, and wildlife species.

I respectfully request that the planning application be refused as this area of green space needs protecting.

Kind regards
