Subject: RE: Planning Application Consultation - DC/24/0179

Dear Planning Team,
The Parish Council have no material objections to this application. Please see the below comments:

- The proposed changes appear to be in keeping with the original design and build
- the limited change to the street scene is noted
- it appears the plans include the removal of the chimney structure, which is not clear on the application

Kind regards,
Lucinda

Lucinda Edwards
Clerk and RFO
