Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	Over a month ago I raised an objection to the proposed balcony on this planning development but no where in this application can I find that me objection has been either acknowledge or commented upon. My objection appears next to the entry but no comment I also see that another neighbour has also objected on the same basis as myself Can provide exactly what is going on please? We are not in objection to the overall extension just the balcony

that will overlook our garden and look into the first floor bedrooms
of our house degrading our privacy
We look forward to hearing from you

Kind regards
