Subject: RE: Planning Application Consultation - DC/24/0342

Categories: Consultations

Dear Planning Team,

Our planning committee reviewed this application and have no objection. The below comments were raised:

- the application in principle to enable and provide electric vehicle charging points is supported
- It was noted that the location of the charging bays differs from that shown in the previous application (DC/23/0237), as the applicant withdrew this after approval and reverted back to an earlier application DC/22/2027 for the layout of the car park.
- It was noted that our previous views/comments were considered with the relocation of the EV charging point, removing the risk of damage to the mature oak and any noise or ASB to neighbouring properties

Kind regards,
Lucinda
