RECOMMENDATION:	~~Advice /~~ No Objection ~~/ Objection / More Information / Modification / Refusal~~
SUMMARY OF COMMENTS & RECOMMENDATION: The work will preserve the special interest of the listed building.	
MAIN COMMENTS: Dear Steve, The repairs to the timber frame were necessary and urgently required. As described in the supporting statement, the building has suffered from accelerated deterioration in recent years. The repairs are undertaken in a way that respects the surviving fabric and the carpentry tradition of the original constructors. I am content the work will preserve the special interest of the listed building. No detailed conditions are necessary. Regards, Seán
