Subject: RE: DC/25/2057, Land to the North of Little Slaughterford

Hi Alice,

Thank you for your time this morning.

Southern Water has no objection to Condition 10 as it is currently worded.

Southern Water will assess the capacity of the relevant Water Treatment Works (WTW) in relation to the concerns raised within the consultation comments. Once this assessment has been completed and conclusions have been reached, we will be able to provide further comments regarding WTW capacity and address the concerns that have been raised.

Please let me know if you require anything further at this stage.

Best,

Shae
