Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment - Privacy Light and Noise
Comments:	I fully endorse the very valid comments made by my neighbour at 1 Gatehouse Lodge. This planning application, the latest of many by Mr Sutton, leaves one to believe that his long term plan is to turn Lock House and its environs into a business and leisure centre, and by using a piecemeal approach he will by stealth achieve his goal. In the Access Statement Mr Sutton states that the application 'generates no harm to either' Lock House or Grants Farmhouse,

both listed properties. As the owner of the latter I strongly refute that assumption particularly with regard the erection of a padel court. This sport, which has grown in popularity in recent times, has also generated a huge amount of adverse reaction and planning protests from people who have the misfortune to live near them. The nature of the ball hitting a hard racket and then a glass wall will be heard easily by all the neighbours in this very quiet rural enclave. I think this is a totally selfish decision by Mr Sutton which would spoil a tranquil rural/agricultural area and should not be permitted within the curtilage of a listed Edwardian house and the rural setting of the sixteenth century Grants Farmhouse.

Kind regards
