Thank you for requesting advice on this discharge of condition from Place Services' ecological advice service. This service provides advice to planning officers to inform Horsham District Council planning decisions with regard to potential ecological impacts from development. Any additional information, queries or comments on this advice that the applicant or other interested parties may have, must be directed to the Planning Officer who will seek further advice from us where appropriate and necessary.

Application: DC/26/0269

Location: Hawksbourne Wood Rusper Road Rusper West Sussex RH12 4QS

Proposal: Variation of Condition 1 and the removal of Conditions 7 and 10 of previously approved application DC/23/1806 (Change of use of land and associated siting of 6 No. Eco Lodges for short-term tourist accommodation) relating to the repositioning of site entrance and removing water neutrality requirements.

Thank you for consulting Place Services on the above Variation of Condition application.

Summary

In Natural England's view the package of ecological resilience measures and proposed licence amendments provides certainty that development in the Sussex North Water Supply Zone (SNWSZ) will not have a likely significant effect on the Arun Valley sites in line with the Habitats Regulations. The long-term solution set out by Natural England and the assessment confirming that development in the SNWSZ will not have a likely significant effect on the Arun Valley Sites means that Natural England has decided to withdraw its September 2021 Position Statement.

Therefore, we support the removal of Conditions 7 and 10 because they are no longer necessary.

Please do not hesitate to contact us if you have any queries in relation to this advice.
