Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	Further to my original objection, sent by email on 29th January, I would like to further object:

- The minor changes to the plans that have been resubmitted by Miller Homes (i.e. the addition of a few car parking places and a playground) do NOT address the majority of the important issues (sewage, traffic, drainage, flooding etc.) previously raised.
 - I also challenge the consultation response from Southern Water which is unbelievable when the extensive facts that have already been presented by other objectors, show that there is insufficient capacity in the Barns Green sewage works for new housing. The reality is that there is a history of repeated raw sewage overflow discharges into Parsons Brook which in turn pollutes the wider river systems. Additional housing will just increase the pollution.
-

Kind regards
