Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	The planning is not in accordance with the agreed Neighbourhood Plan which was bad enough. The lack of access is an issue as I live near the T-junction and its one way in and one way out of

Furners Mead. The increase in traffic with both the additional residents and the construction vehicles will be intolerable. I moved here to have countryside and walks on the doorstep and all the recent planning is moving it further away and I'm getting older so it will be more difficult to get to the countryside.

More noise and dirt from traffic and Henfield does not have the infrastructure for more housing, high street jammed already and I actually haven't had a face to face doctors appointment in over 3 years. They cant cope with the amount of residents they have.

Kind regards
