Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	This structure will be close to the roadside. The ground that it will be built on is elevated by approximately three feet. The structure will be very tall. This building will restrict light coming into my property. I suffer from depression, so this will affect me. I will also lose some views of the Downs. I think the structure will look quite ugly form the road and is not in keeping with the look of the street. I would therefore like to object to this structure being built.

Kind regards
