Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise
Comments:	I object to this application. The proposal will seriously impinge on listed properties nearby, and will also impact very negatively on the existing houses built along the road on Henfield Common North. They will lose light and as they have no back gardens, the impact will be even greater than it otherwise would be.

Too many properties have been applied for, the height of the houses is out of keeping with the other buildings in the area area given that this piece of land is significantly higher than the surrounding ones

. The visibility of these properties will be significant if built and will be majorly affecting an area of open green space and important local amenity that is the Henfield common

Kind regards
