Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment
Comments:	I have objected previously to this on 2nd February and 20th April. Having just seen the latest response from Southern Water I have decided to write again to ask how HDC is not asking Southern Water to clarify their position with regard to the existing sewage treatment plant inadequacies and the flooding which happens every year. The SW letter from January has errors in it which haven't been addressed in this letter. If SW have addressed them and agreed a plan with HDC then that should be made available on the platform for all to see. If SW haven't addressed the errors then how can anyone be sure that the data they are relying on is correct?

The slight changes made to the plans by Miller Homes in tweaking the look of some houses and adding a slightly bigger play area (we already have a great play area on the green by the way near to the Club and Village Hall) do nothing to change the position of every person who has objected to this proposal as they are minor details which have no bearing whatsoever on the flood risk, sewage, traffic and over development issues noted in almost every letter.

Yours sincerely

[Redacted Signature]

Kind regards
