Customer Details

Address: 31 Nutham Lane Southwater Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I have always had concerns about access and parking for the staff and parents dropping off their children at the Nursery, because of the main car park for staff is on Cedar Drive, where there is also a bus stop. During the week days (and only during week days) that part of Cedar drive is effectively a single lane road. The parked cars of staff member makes it difficult to see the arrival of traffic coming the other way and with a bus stop there this is further complicated and not all bus drivers are considerate of cars coming the other way. It is an accident waiting to happen and even if it one serious injury caused by such an accident may only happen

once but that will be once too many times. I therefore must object to an increase to this problem as the extra staff will almost certainly add to this dangerous parking. Since the bus stop also serves children being collected for schools the dangers are very real and not as falsely presented by photos taken when there are no parked cars - probably a weekend.

Kind regards
