Address: 21 the rise Partridge green Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	There is not enough water to supply these houses, the climate is changing. Even with the 110 l per day per person limit(impossible to enforce) means an additional 9 million litres per year is required and that's just for 55 houses let alone the rest of the urbanisation intended. The use of phrases " lightly to have no effect " on the environment, does mean they have not a clue what they are talking about.

Kind regards
