Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Trees and Landscaping

Comments:

The new plans for the development from miller are completely superficial. Adding a playground and a parking area does not get over the problem that this development is detrimental to BG. There is the village feel, this cannot be stressed enough how much developing this field is going to destroy the village feel. Traffic, the entrance any where along that stretch of road is dangerous to pedestrians and road users alike. Restricted view, traffic movement by customers and suppliers for both the pub and the shop. And then there is the flooding and sewage, again Southern Waters(SW) latest report says there is adequate availability when there is not. SW again has no idea , they cannot even get the reference of the manholes that they use to be correct. I struggle to see how Horsham District Council can take on board the SW report with out investigating. Local residence who are not experienced in planning have found a multitude of miss information and lack of understanding by SW

Kind regards
