1 INTRODUCTION

1.1 Document Context

- 1.1.1 This Transport Statement is prepared by RGP Consulting Engineers Limited with consideration to proposed development at the Premier Inn Horsham North (Horsham Station) hotel, 57 North Street, Horsham, West Sussex, RH12 1RB ("the site").
- 1.1.2 The existing site comprises a 64-bedroom Premier Inn hotel with 68 car parking spaces provided on-site accessed off Nightingale Road. Formally, a circa 200 cover restaurant operated on the site which was for both hotel guests and members of the general public. The restaurant would have therefore generated additional trips and car parking demand associated with the site beyond that generated by the hotel.
- 1.1.3 The proposed development comprises a net 32-bedroom conversion and extension to the existing Premier Inn hotel. The existing restaurant will be partially demolished, and a new extension will be connected to the retained portion. Car parking will be provided on-site in the order of 67 spaces post-development and will continue to be accessed off Nightingale Road.
- 1.1.4 As a result of the removal of the associated restaurant, the additional trips and car parking demand associated with this use, beyond that generated by the hotel, would be removed. Therefore, while the proposed development would provide additional hotel accommodation, any additional trips and car parking demand would be offset by the removal of the associated restaurant.

1.2 Whitbread

- 1.2.1 Whitbread, the operator of the Premier Inn Horsham North (Horsham Station) hotel, presently operate 850 hotels across the United Kingdom (UK) and Republic of Ireland (ROI), to comprise: Premier Inn, hub by Premier Inn and ZIP by Premier Inn.

RGP & Whitbread

- 1.2.2 RGP is retained as Whitbread's Highways and Transport Consultant having been involved in conversion, extension and new build projects across the Whitbread estate throughout the UK and ROI.
- 1.2.3 RGP therefore hold a wealth of operational data in relation to the operation of Whitbread sites, with this data used in part to determine the likely highways and transport impacts of the proposed development.
- 1.2.4 It is recommended all documents are read in conjunction to provide a full overview of the likely highways and transport impacts of the proposed development.

1.3 Travel Planning Standards and Guidance

National Planning Policy Framework

1.3.1 The National Planning Policy Framework (2024) defines a Travel Plan as:

"A long-term management strategy for an organisation or site that details how agreed sustainable transport objectives are to be delivered, and which is monitored and regularly reviewed."

1.3.2 The preparation of this Travel Plan is in accordance with Paragraph 118 of the National Planning Policy Framework which states:

"All developments that will generate significant amounts of movement should be required to provide a travel plan."

Travel Plans, Transport Assessments and Statements

1.3.3 The Ministry of Housing, Communities and Local Government, Ministry of Housing, Communities & Local Government (2018 to 2021) and Department for Levelling Up, Housing and Communities 'Travel Plan, Transport Assessments and Statements' guidance confirms the preparation of a Travel Plan can positively contribute to:

- encouraging sustainable travel;
- lessening traffic generation and its detrimental impacts;
- reducing carbon emissions and climate impacts;
- creating accessible, connected, inclusive communities;
- improving health outcomes and quality of life;
- improving road safety; and
- reducing the need for new development to increase existing road capacity or provide new roads."

1.3.4 The Guidance states that while Travel Plans are intended to promote the most sustainable forms of transport, such as active travel, *"they should not be used to justify penalising motorists."*

1.4 Workplace Travel Plans

Making Smarter Choices

1.4.1 The Institution of Highways and Transportation's 'Making Smarter Choices' Travel Guide define a Workplace Travel Plan as:

"A package of measures put in place by an employer to try to encourage more sustainable travel, usually meaning less car use."

- 1.4.2 The Guide confirms Workplace Travel Plans can reduce single occupancy car travel between 3% and 35%, with an average reduction in 18%. Positively, Workplace Travel Plans can improve staff retention and reduce absenteeism and improve the environmental credentials and image of an organisation.
- 1.4.3 While this is predominantly a workplace Travel Plan, it will target travel associated with guests as far as is reasonably practicable.

1.5 Additional Documents

- 1.5.1 In support of the planning application, RGP have additionally prepared the following document:
- Transport Statement, document reference. 2024/8286/TS02.

2 WHITBREAD & TRAVEL PLANS

2.1 Force for Good

- 2.1.1 Whitbread, the operator of the Premier Inn, is committed to minimising its impact on the environment and promoting good environmental practice in order to become a more sustainable business.
- 2.1.2 Whitbread is currently in the process of heightening the importance of Travel Plans for all new hotel developments / extensions as well as at existing premises to reduce the negative effects of travel associated with its establishments.
- 2.1.3 Whitbread is the largest operator of hotels in the United Kingdom, with over 850 Premier Inn hotels, and hence to implement Travel Plans across all sites will require extensive management and coordination.
- 2.1.4 The key aim of Whitbread in developing Travel Planning across the business is to encourage staff and guests to think about travel choice, which should result in more travel by sustainable modes and an increased awareness of environmental issues generally. This feeds into Whitbread's 'Force for Good' initiative, as illustrated in the figure below.

Figure 1 Force for Good Infographic

- 2.1.5 The Force for Good initiative lays down Whitbread's commitments to operating in a way that respects people and planet, making a meaningful contribution to the communities it serves and creating employment opportunities for all.
- 2.1.6 The preparation of Travel Plans for its establishments will put Whitbread on course to achieve its science-based carbon target "to reduce carbon emissions intensity by 50% by 2025 and as much as 88% by 2050."

3 TRAVEL PLAN COORDINATOR

3.1 Travel Plan Coordinator

- 3.1.1 A Travel Plan Coordinator (TPC) will be appointed and will be responsible for all aspects of travel planning at the site.
- 3.1.2 The Travel Plan Coordinator role will be the responsibility of the Hotel Manager, who will be responsible for taking the lead of the Travel Plan and responsible to raising awareness of the Travel Plans aims, objectives and target, and the monitoring and evaluation of any surveys undertaken throughout the life of the Travel Plan.
- 3.1.3 It will be ensured the Travel Plan Coordinator has adequate resources available to them to fully implement the Travel Plan by Whitbread.
- 3.1.4 The main responsibilities of the Travel Plan Coordinator will be, although not exclusively, as follows:
- Acting as a point of contact for all staff, guests and visitors requiring travel information.
 - Overseeing the site and implementation of the document and the measures it includes.
 - Developing promotional marketing and awareness raising materials in order to facilitate organised promotions.
 - Undertaking monitoring of the Travel Plan, including designing and undertaking travel surveys and preparing a monitoring report.
 - Liaising with all interested parties, stakeholders, management, local public transport operators etc. in the delivery of the Travel Plan.
 - Working closely with the local authority Sustainable Travel Team to ensure the Travel Plan remains consistent with wider sustainable travel initiatives.
- 3.1.5 The relevant contact details for the management of this Travel Plan are as follows:

Caroline Burt – Business Development Manager, New Site Openings

Email – caroline.burt@whibread.com

TBC – Site Manager, Premier Inn

Email – TBC

- 3.1.6 The Travel Plan Coordinator role is defined within the job description of the Hotel Manager and training for the role is provided by Whitbread as part of new hotel openings and staff inductions. In addition,

- 3.1.7 RGP can hold Travel Plan 'Introduction' and 'Training Seminars' with Travel Plan Coordinators prior to the opening of a new site / implementation of a Travel Plan. Training ensures the Travel Plan Coordinator knows what is expected of them from the outset, when a Travel Plan is to be implemented.
- 3.1.8 The role of the Travel Plan Coordinator is imperative to the success of the Travel Plan.

4 BASELINE CONDITIONS

4.1 Site Location

- 4.1.1 The site is located to the north of Horsham town centre at an approximate 650 metre, equivalent to a 10-minute, walk. In consideration of the town centre location of the site, it is considered the primary modes of travel to and from the site for hotel staff and guests would comprise active and sustainable travel.

Figure 2 Site Location

- 4.1.2 It should be noted Whitbread aim to employ staff who live within a five-mile radius of their sites, partnering with Job Centre to fulfil roles, and therefore, it is realistic to assume the primary mode of travel to and from the site for hotel staff would be by active and sustainable travel modes.

4.2 Accessibility Credentials

Walk

- 4.2.1 It is observed footways close to the site are of good quality, to benefit from dropped kerbs, lighting, tactile paving and transition (signalised and unsignalised) points.

Providing for Journeys on Foot

4.2.2 Table 3.2 (Suggested Acceptable Walking Distance) of the Chartered Institution of Highways and Transportation ‘Providing for Journeys on Foot’ provides guidance on acceptable walking distances. The Table is reproduced below, for reference.

	Town centres (m)	Commuting/School Sight-seeing (m)	Elsewhere (m)
Desirable	200	500	400
Acceptable	400	1000	800
Preferred maximum	800	2000	1200

Figure 3 Suggested Acceptable Walking Distance

4.2.3 While it is appreciated that an acceptable walking distance will vary between individuals for a number of factors, this document provides a 2000 metre walk isochrone around the site, as illustrated in the figure, below.

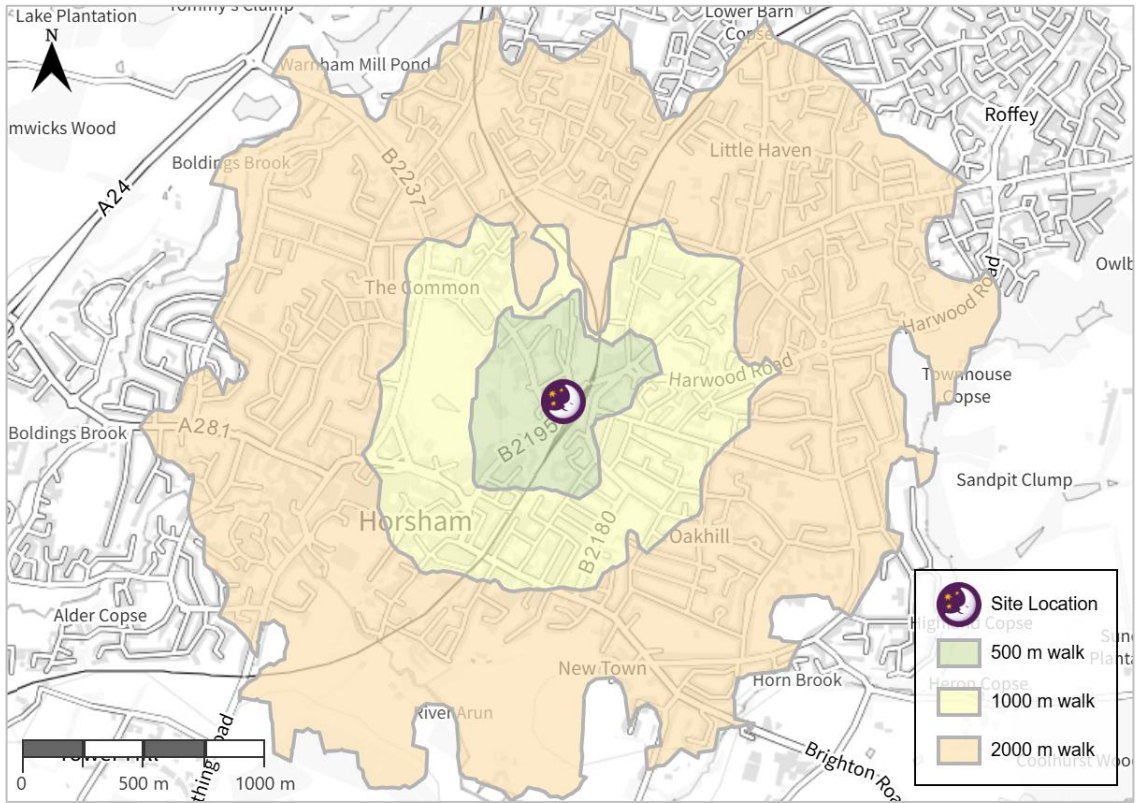

Figure 4 2000 Metre Walk Catchment

4.2.4 In consideration of the above walk catchment, it is considered a high proportion of site staff would reside within this catchment, and therefore, cycling would be a realistic travel mode for their commute to and from the site.

Cycle

Cycle Friendly Infrastructure

- 4.2.5 The Chartered Institution of Highways and Transportation 'Cycle Friendly Infrastructure' provides guidance on acceptable cycling distances. The guidance confirms many utility cycle trips are 5000 metres, with commuting cycle trips can be up to 8000 metres for reasonably fit individuals.
- 4.2.6 While it is appreciated that an acceptable cycling distance will vary between individuals for a number of factors, this document provides a 5000 metre cycle isochrone around the site, as illustrated in the figure, below.

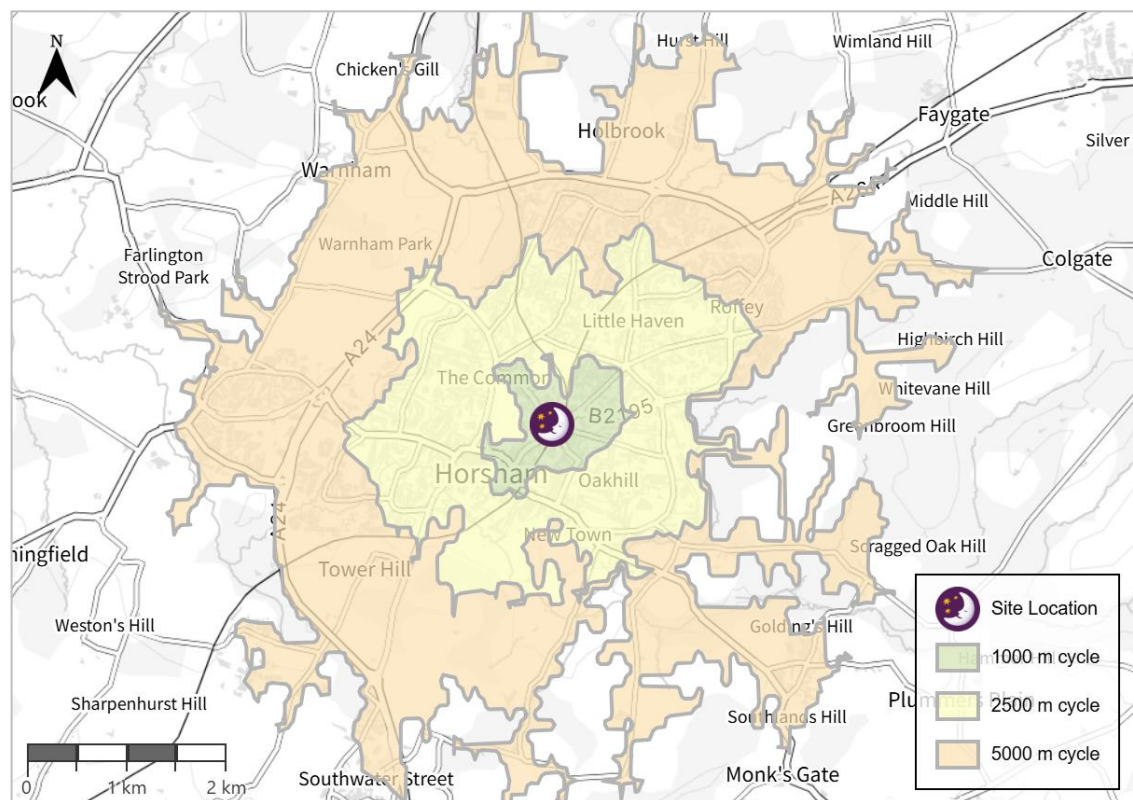

Figure 5 5000 Metre Cycle Catchment

- 4.2.7 In consideration of the above cycle catchment, it is considered a high proportion of site staff would reside within this catchment, and therefore, cycling would be a realistic travel mode for their commute to and from the site.

Job Centre

- 4.2.8 Whitbread are partnered with the Job Centre, and by virtue of this, most staff live close enough to the site to travel by active (walking and cycling) travel modes.

Public Transport

- 4.2.9 The figure below illustrates the public transport stops (bus) and station (rail) close to the site.

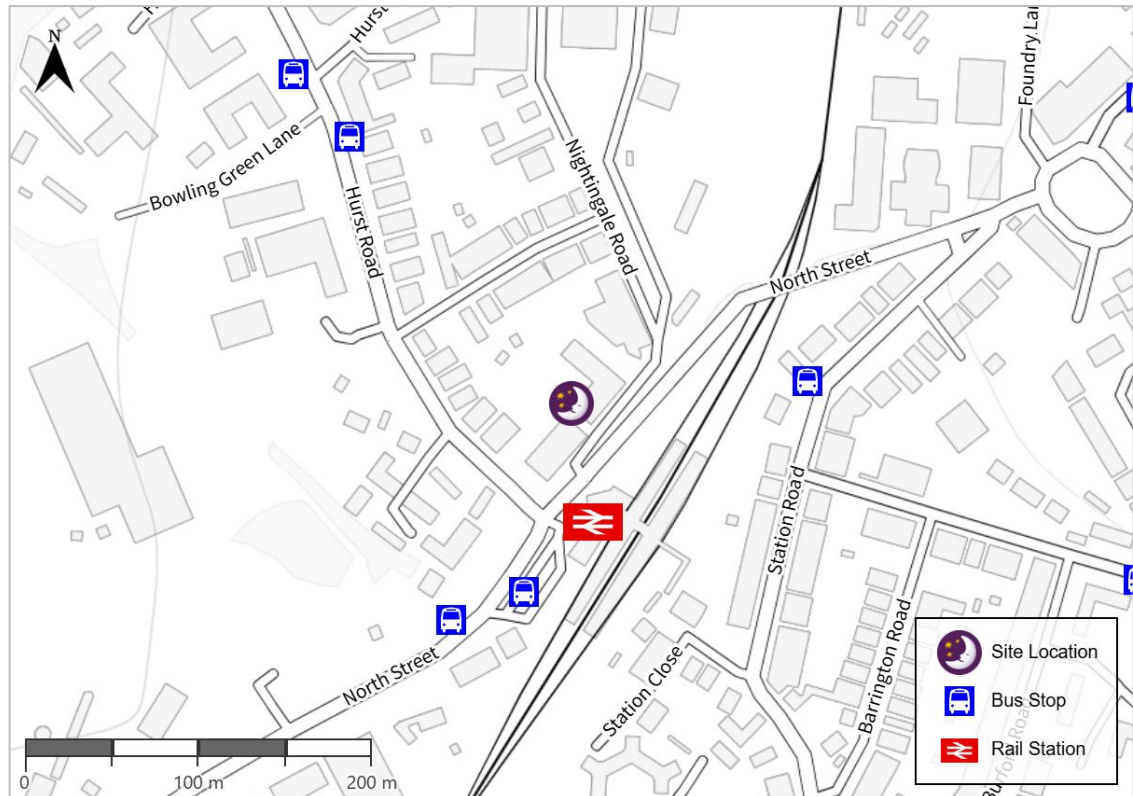

Figure 6 Local Public Transport Stops and Stations

Bus

- 4.2.10 The closest bus stops are located at Horsham rail station. Services serving these stops comprise routes:

- 6* - Horsham to Slaughtam.
- 23 - Crawley to Worthing.
- 52* - Broadbridge Heath to Rusper.
- 61 - Horsham to North Heath.
- 63/ 63X - Guildford to Horsham.
- 65 - Horsham to Oakhill.
- 71 - Horsham to Mowbray.
- 89 - Haywards Heath to Horsham.
- 93 - Dorking to Horsham.

- 98 – Roffey to Southwater.
- 200 – Gatwick Airport to Horsham

*Limited Service

- 4.2.11 A northbound bus stop is located on Brighton Road, served by school routes 618, 619, 669, 820, only. An additional limited service can be boarded in Burgh Heath, route 318, which connects Banstead and Epsom.
- 4.2.12 Bus timetables for non-limited services are attached hereto at **Appendix A** for reference.

Rail

- 4.2.13 The site is located adjacent to Horsham rail station, with services to the following destinations:
- Bognor Regis (stopping (two trains per hour)).
 - London Victoria (via Gatwick Airport (two trains per hour)).
 - London Victoria (via Epsom and Sutton (one train per hour)).
 - Peterborough (via Gatwick Airport, London Bridge and Stevenage (two trains per hour)).
 - Portsmouth Harbour (non-stop to Barnham (two trains per hour)).
- 4.2.14 A Horsham rail station map and onward travel information is attached hereto at **Appendix B** for reference.
- 4.2.15 In consideration of the above public transport provision, it is considered a high proportion of site staff and guests would travel to and from the site by sustainable travel modes.

Summary

- 4.2.16 In consideration of the above active and sustainable travel infrastructure close to the site, it is considered a high proportion of site staff and guests would travel to and from the site by active and sustainable travel modes.

4.3 Transport Statement

- 4.3.1 A Transport Statement (document reference. 2024/8286/TS02) has additionally been prepared by RGP with consideration to the proposed development – it is recommended all documents are read in conjunction to provide a full overview of the likely highways and transport impacts of the proposed development.

5 AIM, OBJECTIVES & TARGET

5.1 Context

5.1.1 This Travel Plan is prepared to promote active (walking and cycling) and sustainable (public transport) travel for:

- Trips made by staff as part of their commute.
- Trips made by guests to and from the hotel.
- Trips made by guests as part of their stay.

5.1.2 For Travel Plans to work effectively there are five key issues to drive the required changes, these are:

- Achieving a **culture change** in the organisation and amongst people;
- **Providing real incentives** to encourage changes in travel behaviour and to ensure that these are continued;
- An **integrated holistic approach** to ensure that all measures work in the same direction and are fully cohesive;
- **Total management support** for both the measures and to provide leadership example to others; and
- **A clear and continued objective** to achieve for a clear purpose to maintain focus for the future.

5.1.3 In achieving a change of behaviour, the stages can be described in seven steps:

- (i) Awareness of a problem e.g. traffic congestion, pollution, environmental damage, example to the community etc.;
- (ii) Accepting responsibility at an individual and corporate level that everybody and every organisation has its part to play;
- (iii) A perception that alternatives are possible;
- (iv) Evaluation, personally and for an organisation, to find which are the viable alternatives;
- (v) Making a choice, with the intention to modify behaviour;
- (vi) Experimental behaviour, trying out new travel choices; and
- (vii) Habitual behaviour, long term adoption of sustainable modes.

5.1.4 The promotion of active and sustainable travel will be done so as far as is reasonably practicable.

5.2 Aim

5.2.1 The aim of this Travel Plan is:

- To promote active (walking and cycling) and sustainable (public transport) travel for all trips associated with the site post-development, to reduce reliance on travel by the car.

5.3 Objectives

5.3.1 To achieve the above aim, this Travel Plan sets the following objectives:

- To establish travel behaviour patterns of staff and guests.
- To identify barriers to travel behaviour change for staff and guests.
- To introduce a package of measures to encourage and facilitate active and sustainable travel for staff and guests.

5.4 Target

5.4.1 The target of this Travel Plan would be to achieve a reduction in vehicle trip rates associated with the proposals in the order of 15% over the five-year life of the Travel Plan, as based on the total daily vehicle trip generation. The target is in line with 'SMART' criteria:

Specific

Target increase/decrease in mode share shown over a set timescale.

Measurable

The mode share of guests and staff will be measured and monitored using travel surveys.

Achievable and Realistic

The target, taking into account preferred travel modes, and general Travel Plan promotion, need to be achievable and realistic.

Time-bound

The target is to be monitored on a regular basis and met within five years of the Travel Plans implementation.

- 5.4.2 As confirmed in RGP prepared Transport Statement, the site post-development would generate 184 fewer total daily two-way vehicle movements as a result of the removal of the associated branded restaurant.
- 5.4.3 It is therefore anticipated the site would generate 207 total daily two-way vehicle movements over the course of a typical weekday – this figure is factored to reflect the site operating at full capacity and should therefore be considered robust.
- 5.4.4 In consideration of the above, the target of this Travel Plan would be to achieve a reduction in vehicle trip rates associated with the proposals in the order of 15% over the five-year life of the Travel Plan.

	Baseline	Y1	Y2	Y3	Y4	Y5
Forecasted Daily Vehicle Trips	207	201	195	188	182	176
Proposed % (against baseline)	n/a	-3%	-6%	-9%	-12%	-15%
Proposed Trips (against baseline)	n/a	-6	-12	-19	-25	-31

Figure 7 Travel Plan Target

- 5.4.5 As summarised in the table above, a 15% reduction in vehicle trips over the five-year life of the Travel Plan could realise up to 31 fewer total daily vehicle movements.
- 5.4.6 The Travel Plan Coordinator will collect baseline travel information through surveys of hotel staff and guests within three months of the site becoming operational – the collection of this data will allow for site-specific mode split information to be obtained, and the target of the Travel Plan compared against this data to ensure they are realistic and achievable.

6 MEASURES

6.1 Travel Plan Coordinator

- 6.1.1 As confirmed earlier in this document, a Travel Plan Coordinator will be appointed and will be responsible for this Travel Plan.
- 6.1.2 The Travel Plan Coordinator will act as a point of contact for all staff and guest travel related enquiries.
- 6.1.3 The Travel Plan Coordinator will inform all staff of the existence of this Travel Plan through the induction process and the preparation of a 'Staff Welcome Pack'. The Welcome Pack will include, but not limited to:
- Local walking routes.
 - Local cycling routes.
 - Cycle training information.
 - Public transport information (i.e. services, timetables and ticketing information).
 - Journey planning websites.
 - Health, financial and environmental benefits of sustainable travel.
- 6.1.4 Additionally, the Travel Plan Coordinator will offer Personalised Travel Planning to all staff.
- 6.1.5 The Travel Plan Coordinator will train all reception staff to understand the context of the site and its location in the locale relative to local walking and cycling routes and public transport stops and stations.

6.2 Bike Friendly Hotels

- 6.2.1 Whitbread operate bike friendly hotels, whereby, guests are permitted to store non-electric bicycles and non-electric scooters at dedicated cycle stores, or in their hotel bedroom. Bicycles and scooters must be clean with dirt-free tyres.
- 6.2.2 Adequate changing facilities will be provided for those staff commuting by active travel modes, with lockers provided in the team / staff room for the storage of clothing and cycling equipment.
- 6.2.3 Cycle maintenance tools including bicycle pumps and puncture repair will be available from reception. This would be advertised through a notice at reception / reception staff advising cyclists to the provision of this equipment.
- 6.2.4 The Travel Plan Coordinator will monitor the use of cycle parking. Should demand frequently exceed supply, additional cycle parking provision would be considered by Whitbread.

6.3 On-Site Display Screen

6.3.1 A display screen will be provided in the hotel reception. A QR code will be provided on the screen which will be able to be scanned by mobile / tablet devices to provide:

- A map of the site in the context of the local area.
- Illustration of local walking, cycling and public transport stops / stations.
- Information on local taxi operators.
- Information on West Sussex Car Sharing.

6.4 Travel Plan Noticeboard

6.4.1 A Travel Plan noticeboard will be provided in the staff room. The noticeboard will provide details of:

- A map of the site in the context of the local area.
- Illustration of local walking and cycling routes.
- Illustration of public transport stops / stations.
- Information on West Sussex Car Sharing.

6.5 Job Centre

6.5.1 Whitbread are partnered with the Job Centre, and by virtue of this, most staff live close enough to the site to travel by active (walking and cycling) travel modes.

6.6 Perks at Work

6.6.1 Whitbread are partnered with Perks at Work, whereby, staff can obtain a 7% at Halfords to purchase bicycles and equipment.

6.7 easitNETWORK

6.7.1 The Travel Plan Coordinator would be encouraged to promote the easitNETWORK:

- <https://www.easit.org.uk/>.

6.7.2 easit aims to encourage sustainable commuting.

6.8 One-to-One Cycle Training

6.8.1 The Travel Plan Coordinator would be encouraged to promote West Sussex County Council 'One-to-One Cycle Training':

- <https://www.westsussex.gov.uk/roads-and-travel/road-safety/one-to-one-cycle-training/>.

6.8.2 Whitbread would not provide funding toward staff participation in this initiative.

6.9 Events

6.9.1 The Travel Plan Coordinator will promote the following events:

- May – Walk to Work Week and Work Wise Week.
- June – Bike to Work Week.
- September – Travelwise / European Mobility Week.
- October – National Liftshare Week.
- November – Commute Smart Week.

6.10 Car Sharing

6.10.1 The Travel Plan Coordinator will promote the West Sussex Car Sharing:

- <https://www.westsussex.gov.uk/roads-and-travel/travel-and-public-transport/travelwise-sustainable-transport/join-a-car-sharing-scheme/>.

6.10.2 The West Sussex Car Sharing leaflet is attached hereto at **Appendix C** for reference.

7 TRAVEL PLAN – MONITORING & FUNDING

7.1 Monitoring

7.1.1 The Travel Plan Coordinator will undertake all Travel Plan monitoring.

Baseline Travel Surveys

7.1.2 The Travel Plan Coordinator will collect baseline travel information through surveys of hotel staff and guests within three months of the site becoming operational – the collection of this data will allow for site-specific mode split information to be obtained, and the target of the Travel Plan compared against this data to ensure they are realistic and achievable.

7.1.3 The Coordinator will prepare a revised Travel Plan following the collection of the baseline travel information which will be submitted to Local Planning Authority to include details of the baseline mode share survey and mode share target for the five-year life of the Travel Plan.

Travel Surveys

7.1.4 The Travel Plan Coordinator will undertake travel plan surveys on the first, third and fifth anniversaries of the Travel Plan of hotel staff and guests – the collection of this data will allow for the Coordinator to compare results and to adjust target and initiatives accordingly to achieve the overall aim of the Travel Plan.

7.1.5 Should a target be obtained before its target date, the target would be modified to provide a further, more challenging target. Should a target not be obtained before its target date, the reasons why would be investigated, including a review of current measures which would be modified to ensure that overall target would be met.

7.1.6 The Coordinator will prepare a Monitoring / Progress Reports which will at minimum detail the methods of travel used by all users of the site and how this compares with the baseline travel information. The Monitoring / Progress Report will be shared with the Local Planning Authority as required.

iTRACE

7.1.7 All surveys will be iTRACE compliant, and at minimum:

- Baseline travel information of staff and guests will be collected within six months of the site becoming operational.
- Travel surveys of staff and guests will be undertaken at a similar time and in a 'neutral' month, to avoid school holidays.
- All travel surveys of staff and guests will ask the 'main mode' question, that is, the mode that the respondent uses for the longest distance on any journey leg.

7.1.8 The Travel Plan Coordinator will be encouraged to explore whether a digital or physical survey will allow for a good and representative response.

7.2 Funding

- 7.2.1 Whitbread will provide funding for the Travel Plan Coordinator role and the measures of this Travel Plan – some measures (i.e. provision of bicycle parking) will be met as part of the construction cost, while some measures (i.e. provision of up-to-date public transport information) will require ongoing funding. Whitbread will ensure sufficient funding is provided throughout the five-year life of the Travel Plan to achieve its aim, objectives and target.

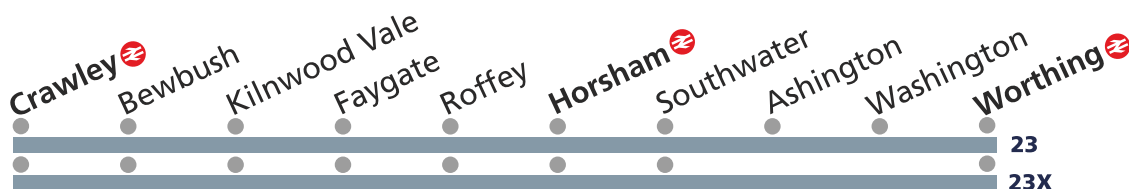

APPENDIX A

APPENDIX C

westsussexcarshare.com

West Sussex car share scheme

Join today and
start saving money!

Hundreds of people have joined the West Sussex car share scheme. It is part of the Liftshare.org network, which is the largest car sharing scheme in the UK.

westsussexcarshare.com aims to encourage car users to be more sustainable by helping them to share journeys and save money where they can. Regular car sharers matched through the website save hundreds of pounds a year in fuel costs alone.

When your account has been activated you can log in and start using the service. By performing a quick search you can find other people who make the same journey as you at the same time.

The scheme is free to use and you can change your journey or personal details at any time. When you have found someone who closely matches your journey and travel habits you can contact them through the website and start car sharing!

The scheme has been set up by West Sussex County Council to enable people who live or work in the county to car share for commuting and other journeys.

Signing up to the scheme is easy to do. All you need to do is go to **westsussexcarshare.com**, click on 'New Users' and complete the short registration form. You can join the main public group or one of the sub-groups that have been set up for industrial estates and business parks. Some employers have private groups, so check to see if your employer has one of these.

Once you are registered, you will need to fill out your journey details and some driving habits such as where you want to get to and the times you need to travel. This will help you to find a suitable or close match and allow other people using the site to shortlist you too.

You will be sent a confirmation email, which will ask you to activate your account. Other users cannot view your personal details and all emails are sent through the website so even your email address will remain undisclosed until such time as you agree to car share.

Frequently asked questions

Q. Can the system be used for one-off or regular journeys as well as commuting?

A. Yes! If you have to travel to a meeting or event by car then why not enter your journey details to see if you can car share?

Q. I can't car share because I work odd hours.

A. Perhaps you can share just once or twice a week, making a firm commitment to arriving and leaving work at set times on car share days? Alternatively, your car share partner may be flexible and be able to work the same hours as you.

Q. What if I need to return home from work in an emergency?

A. Employers that run car sharing schemes will often reimburse taxi or public transport costs if you need to get home in an emergency.

Q. Do I have to accept car sharing offers I receive through the scheme?

A. No. The scheme is just designed to match potential car shares and there is no obligation for you to accept any offers you receive. You may, for example, prefer to share with someone of the same sex, or you may have already found a regular car share partner. If you do find a regular partner(s), we suggest you set up a BUDi Team (full details about this are on the site).

Q. I could not find a match on the website.

A. The chances of finding a match are good and will increase as more people join the scheme. Check back regularly to search for more matches.

Q. Do I need special insurance?

A. The Association of British Insurers, which covers 94% of the UK's insurance companies, states that so long as no profit is made then your policy will not usually be affected. Please contact your car insurance provider if you have any concerns.

Q. How should we share our travel costs?

A. The costs involved will depend upon the number of people sharing the journey, the car's fuel economy, and the current cost of fuel, parking charges, and other running costs. We suggest that each passenger pays 10p per mile towards the journey costs. Alternatively, drivers and passengers can split the journey costs between them, or simply share the driving on a daily or weekly rotation. As making a profit is likely to affect your car insurance, we suggest that drivers receive no more than 40p per mile from passengers.

Q. I don't drive/I don't have a car, can I still car share?

A. Yes! You can use the scheme to find someone to give you a lift, or another passenger who may wish to share the cost of a taxi.
