

HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Grainingfold, Horsham Road, Five Oaks
DESCRIPTION:	Formation of agricultural access and hardstanding (off Horsham Road)
REFERENCE:	DC-26-0063
RECOMMENDATION:	Advice
SUMMARY OF COMMENTS & RECOMMENDATION:	
No significant arboricultural concerns.	
MAIN COMMENTS:	
Works consist of the removal of a relatively large section of mixed indigenous species rural hedgerow forming part of the historic field pattern for the area. A 21m access width including sight line requirements. Some mitigation planting is indicatively shown either side of the proposed new area of black asphalt hardstanding. If acceptable in other planning respects a scheme of mitigation planting can be secured by condition as deemed appropriate by the landscape team.	
ANY RECOMMENDED CONDITIONS:	
N/A
