Subject: FW: DC/24/1164, Swains Farm, consultee comment

Good morning, thank you for the confirmation that there is no proposed alteration to the surface of public footpath (Henfield 2531_1) and that the drawing is intended to indicate solely that a vehicular turning manoeuvre is possible in the space available.
On this understanding, I am satisfied that the PROW Team offer no objection to the proposed development and that the standard advisory notes (para A to O contained within my original consultation response) remain.

Yours sincerely

Nigel
