Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment
Comments:	-There is a vibrant ecosystem around the headwater of the Hornbrook which relies on the flow of water from the stream in Grebe Creacent into it. Therefore it should be left alone so as to preserve the endangered and protected species (eg Lamprey which I have seen)that live there! -Insufficient infrastructure to safely sustain the development.

-Safety of children accessing footpath as no matter what safe walkways are built, kids will always take a shortcut!
- The integrity and structure of the roads in the vicinity of Hornbrook Farm are not able to cope with the current volume of traffic!

Kind regards
