Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This plan is just another threat to the precious greenbelt surrounding Horsham. I was under the impression that due to a water shortage situation, no more house building has been advised? The disruption, the noise and the obliteration of the beautiful views across Chesworth Farm will be unbearable. The people living by the field and the several hundred allotment holders situated opposite (of which I am one) will all have their peace and privacy completely ruined. There is deep concern that although narrow

and partially unmade, Arun Way will be used as an additional entrance by construction vehicles.

There seems absolutely no thought or care for the many species of wildlife and birds that enjoy this safe, quiet living environment. Removing the 2 ponies from the field and putting up a high fence hung with large yellow signs that say " Construction Area Keep Out" is extremely intimidating behaviour. It is also very presumptuous if we are to believe that planning has yet to be passed?

Please do not allow this land carnage for the sake of greed and 21 dwellings that Horsham certainly doesn't need.

Kind regards
