Reasons for comment:	- Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I moved out of London to this gorgeous little village for the landscape and quiet calming pressence and I fear developers are just wanting to ruin it by over populating us! We are a tiny village, with one shop and one cafe, I love the how peaceful our village is. Since the Summers houses have gone in I've even noticed more

traffic and worse pot holes along the main roads in/out of the village - those houses aren't even occupied yet!

Just because there is space doesn't mean we need to fill it, we all love the walks around that area and the new housing plans are set to destroy that.

Kind regards
