Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Other

Comments: As a local resident I am in support of this planning application for a play park. Families in the village are in need of a safe local space for children to play and families whose children go to the local pre-school and primary school would have a place to play.

It would also be an area for local residents to get to know each other whilst children play and an area that we can develop further over the years to make it a real community hub.

We've been waiting a very long time for this to come, please make it happen.

Kind regards
