Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Other - Overdevelopment - Privacy Light and Noise
Comments:	I thought the original design was inappropriate for a riverside setting, but the revised design is considerably worse. This is a reasonably picturesque riverside view, but the new proposal is a blight. The design originally was for a small fence behind the

coffee bar, but what has been built is a wall of I beams and sleepers which extend a couple of metres above the riverbank. This completely changes the appearance of the whole area and is visually intrusive and not in keeping with surroundings.

Kind regards
