Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	My comments are as follows. 1. Continued addition of more properties in Ashington without adding to the infrastructure, the local shop, the school etc. I dont count adding football pitches, this will actually make matters worse especially on match day as sufficient parking is not allowed for. 2. The small local roads will be totally overloaded firstly in the building phase using Church Lane, for access and egress. 3. Once building is completed and another 400ish cars take to our narrow essentially single lane roads (roadside cars parked rendering them as such). Peak times will be chaos. 4. We are slowly moving Ashington towards being a town rather than a village but, without sufficient and continued expansion of amenities and infrastructure. The bigger developments need to take more of a share in establishing these extra needs...

Kind regards
