Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	This is really good news. These town houses have been overlooked for years and are in need of some repair and restoration as they are a big part of the history of Storrington. I know that a change of use will incur the application of the most current building regulations but if they are converted to flats then the external features of these iconic buildings will be preserved. My wife and I strongly support this application and will offer any assistance in this development that we can. [REDACTED]

Kind regards
