Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	This proposal does not match the neighbourhood plan for the village. I have grave concerns of the impact of traffic & safety through Church Lane as this will be access route to the development and is used as the main access to the primary school. I have concerns for road traffic safety. How will this development affect the Forest Schools programme that has run successfully for many years? Has the school got capacity for this potential increase in numbers? Are there plans to increase the infrastructure in the village? A doctors surgery, more shops better public transport?

Kind regards
