Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Trees and Landscaping
Comments:	We don't have enough recreation space for the amount of houses we already have. The school is not big enough now for local intake. The houses are too close to the school and the amount of traffic that will be generated will make the school run a very dangerous time of day. Also access to the church will be effected. These houses would also be very damaging for the wild life we have in our country surroundings. We have many local people who ride their horses through the village, more traffic would make this very hazardous. The villiage would be swamped with traffic throughout the day, it would no longer be a safe place for our children to play. We don't have crime in our villiage but with more housing and people that could change.

Kind regards
