Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	The original development plan was for 150 houses, this has now grown to 180 houses. The village doesn't have the infrastructure to accommodate the extra dwellings. The access to the development is nowhere good enough. The school won't be able to take on any extra children, the local shops and parking is already at bursting point, the extra pollution and traffic from the 360 plus cars will be detrimental to the whole area. None of us in the village WANT this development, and many have objected. It's typical of a housing developer to push the boundaries with adding a "sneaky" extra 30 houses. The construction traffic will be extremely disruptive, especially next to the school. This whole development needs to have a re think.

Kind regards
