Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	The village cannot sustain more houses (and thus more people) without better road infrastructure, the roads are too busy and are not built to withstand the amount of traffic they currently undertake, let alone further traffic from new development. The proposed development will impact on the surrounding countryside and village without adding any benefit for existing residents. Perhaps if roads were improved FIRST, together with more amenities, then maybe local residents would be more willing to listen to future proposals.

Kind regards
