Comments:	Such a terrible shame , the children are shoved to the back, let's destroy a genuine forest school and fill it with houses. How will the school accommodate the extra heads, how will water neutrality be met , how will the roads be extended in a safe manner to accommodate the extra transport . The ancient fields and view of Chanctonbury will be changed for good. Build on the grey areas if you must, leave the rest , the community do not want it , except those making a massive profit at everyone else's expense. This is a small village, we like it that way . The discussions are a complete farce but I'll leave my comment anyway .

Kind regards
