Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise
Comments:	It's more houses than originally stated, the roads are unsuitable, why increase the volume of cars around the hub of village. It's not clear if the land is being kept clear by the school to be able to expand, as where are the children for 180 houses going to go to school. I was unable to get my son in to the local school 8 years ago having always lived in the village as the new houses are all built nearer to the school. How are they overcoming the water neutrality? As the documents are south west water? And not southern water. What about school spaces for secondary schools? As the local secondary schools are over subscribed too.

Kind regards
