Liphook
GU30 7DX

Application Number: DC/26/0438

TOWN & COUNTRY PLANNING ACT, 1990 (as amended)
TOWN & COUNTRY PLANNING (Development Management Procedure) (England) Order 2015

On behalf of: Mr and Mrs Ovelgonne

In pursuance of their powers under the above-mentioned Act and Order the Council hereby notify you that they PERMIT the following development, that is to say:

**Variation of Condition 1 of previously approved application reference DC/25/1832
(Demolition of existing garage and erection of single storey side extensions. Erection of a garage with studio above) to update block plan.**

Roosthole Hammerpond Road Mannings Heath West Sussex

to be carried out in accordance with Application No. DC/26/0438 submitted to the Council on 10/03/2026 and subject to compliance with the plans/documents and conditions specified hereunder.

Biodiversity Net Gain Condition

Please note the requirement within the Environment Act 2021 for development to deliver a minimum of 10% net gain in biodiversity may be applicable to your development. In the event your development is required to achieve a minimum 10% net gain in biodiversity then a Biodiversity Net Gain Condition (separate to the main list of conditions) will appear on your decision notice requiring the submission of a Biodiversity Gain Plan for approval prior to development commencing.

Emma Parkes
Head of Development and Building Control

Date: 05/05/2026

- 1 **Plans Condition:** The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule below.

Schedule of plans/documents:

Plan Type	Description	Drawing Number	Received Date
Block plan	PROPOSED	A.03	10.03.2026

Plans list for: DC/25/1832Schedule of plans/documents **approved**:

Plan Type	Description	Drawing Number	Received Date
Supporting Statement	Bat Activity Assessment Report	NONE	10.11.2025
Roof plan	Existing	A.05	10.11.2025
Elevation plan	Existing	A.07	10.11.2025
Elevation plan	Proposed	A.11	10.11.2025
Roof plan	Proposed	A.10	10.11.2025
Elevation plan	Proposed	A.14	10.11.2025
Floor plan	Proposed roof	A.13	10.11.2025
Elevation plan	Proposed	A.12	10.11.2025
Floor plan	Existing	A.04	10.11.2025
Location plan		A.01	10.11.2025
Floor plan	Proposed First	A.09	10.11.2025
Floor plan	Proposed Ground	A.08	10.11.2025
Elevation plan	Existing	A.06	10.11.2025
Block plan	Existing	A.02	10.11.2025
Supporting Statement	Preliminary Ecological Appraisal	NONE	21.01.2026
Supporting Statement	Ecological Review	NONE	21.01.2026

Reason: For the avoidance of doubt and in the interest of proper planning.

- 2 **Standard Time Condition:** The development hereby permitted must be commenced by the 21/01/2029.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Pre-Commencement Condition:** Any works which will impact the breeding / resting place of bats, shall not in in any circumstances commence unless the local planning authority has been provided with either:

- a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or
- b) evidence of site registration supplied by an individual registered to use a Bat Mitigation Class Licence; or
- c) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

- 4 **Pre-Commencement (Slab Level) Condition:** No development above ground floor slab level shall commence until a lighting design scheme for biodiversity has been submitted to and approved in writing by the Local Planning Authority. The scheme shall identify those features

on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting contour plans and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

- 5 **Pre-Commencement (Slab Level) Condition:** No development above ground floor slab level shall commence until a Biodiversity Enhancement Layout, providing the finalised details and locations of the enhancement measures contained within the Preliminary Ecological Appraisal (David Archer Associates, February 2023), has been submitted to and approved in writing by the Local Planning Authority.

The enhancement measures shall be implemented in accordance with the approved details prior to occupation and all features shall be retained in that manner thereafter.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

- 6 **Regulatory Condition:** The materials to be used in the development hereby permitted shall strictly accord with those indicated on the email from Inside Out Architectural Consultants Ltd received 28.04.2026.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 7 **Regulatory Condition:** The development hereby permitted shall be undertaken in strict accordance with the ecological mitigation and enhancement measures set out in the Ecological Review (Fellgrove Ecological Consultancy, November 2023), Bat Activity Assessment Report (Fellgrove Ecological Consultancy, September 2023) and Preliminary Ecological Appraisal (David Archer Associates, February 2023).

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

- 8 **Regulatory Condition:** The garage with studio above hereby permitted shall be used solely for purposes incidental to the occupation and enjoyment of the residential property at Roosthole, Hammerpond Road, Mannings Heath (as identified on the approved plans), and shall not be used as a separate unit of accommodation, as habitable living accommodation, for any commercial purposes or for any other purposes(s)/use(s), without express planning consent from the Local Planning Authority first being obtained.

Reason: In the interests of amenity, to enable the Local Planning Authority to regulate and control the development and in accordance with Policies 26 and 33 of the Horsham District Planning Framework (2015).

Note to Applicant - Biodiversity Net Gain Condition

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);
2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;
3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);
4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

Note to Applicant:

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

ADDITIONAL INFORMATION**Planning Permission – Important Provisos**

If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations, or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required, or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail streetnaming@horsham.gov.uk or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email hop.oast.admin@horsham.gov.uk.

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

Compliance with the Approved Plans and Conditions

The development hereby approved must be implemented in accordance with the approved plans and any conditions set out in the Notice. Some of the conditions may specify that works are to be carried out, and/or details submitted and approved before all or part of the development is started. These will appear in the 'Pre-Commencement Conditions' section of the Notice.

If works on implementing this permission is started without these requirements being fully met, the development may be unauthorised and the permission invalidated, and could lead to enforcement proceedings or in some cases to prosecution.

Amendments

Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

Monitoring

Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

Conditions Compliance

Requests for confirmation of compliance with conditions associated with that permission should be made in writing or by using the application form 'Approval of Details Reserved by Conditions'.

A request may be for confirmation that one or more conditions imposed on the same permission have been complied with. We aim to respond within 8 weeks of receipt of the request.

Right of Appeals

If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at <https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>.
