Subject: RE: Planning Application Consultation - DC/24/1787

Categories: Consultations

Dear Kate,

Thank you for consulting us with application reference: DC/24/1787, for the development at: Winterfold Farm Wimland Road Rusper West Sussex RH12 4QU.

We note your comment that this application currently proposes an alternative water neutrality solution, but does meet the access criteria for SNOWS. Please can you update us if the details change so that we can ensure our records are up to date.

We have now added the application to the queue for SNOWS access. By consulting us with this application, you are confirming that the application meets the SNOWS access criteria (available here) and is appropriate for a Grampian condition to access SNOWS. If this is not the case, please let us know as soon as possible.

Please note that access to SNOWS cannot be secured until the scheme launches in the next few months. Once the scheme launches, we will contact the applicant directly to discuss access to SNOWS. Once we have confirmed the status of the application's access to SNOWS, we will update you.

If you have any queries about this response, please contact us at SNOWS@horsham.gov.uk.

Kind regards,

Clare Devine
Water Neutrality Officer
