Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Trees and Landscaping
Comments:	This is an over development and loss of facility for the public and irreversible change to environment and character of area and town. This is vital green space that families and wildlife use. There are other approved housing and better opportunities still available such as converting or redeveloping unused commercial space which will impact on amenities such as water, sewage, health and traffic.

Kind regards
