Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Trees and Landscaping
Comments:	The field proposed is used to enable several village events during the year, including the very popular half marathon, and would

cause considerable difficulties for these events to continue if lost to building. Flooding is already an issue with the village shop having previously succumb on several occasions. A new housing development will only add pressure to the drainage problems. The number of houses are out of proportion to the size of the village. Traffic can already be an issue on that particular section of road and a housing development will only add to this. The increase of traffic 68 homes will bring will have a massive impact. Loss of hedgerow and displacement of wildlife. There have been other sites put forward as alternatives that would have less of an impact.

Kind regards
