Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	I visit barns green a lot in the summer months and find this development would destroy the village.

We attend the yearly car show that raises a lot of money for charity this event would be lost. The impact to the trees, ancient hedgerows and wildlife is something that can not be reversed. The local shop would suffer from lack of parking as there is not sufficient spaces for the houses and their visitors to park therefore they would park on chapel road outside the shop and pub. The traffic would also increase causing a more dangerous issue for pedestrians especially the children who get the school bus in the mornings. Villages like this will be lost forever if you continue to allow developers to build where they are not needed or wanted. The houses at Sumners fields show that there is little need for more buildings in the village as the are having trouble selling them.

Kind regards
