Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	Barns Green is already overdeveloped with the most recent development at Sumners Fields not selling. A new development would ruin the character of Barns Green and strain current water and sewage supplies. The ancient hedge in front is important for wildlife. Flooding is bad already along Chapel Road and an

increase in building will make this much worse.
Parking is limited already outside the shop and there is always
congestion along there, an increase in cars from the new
homeowners would make this worse and increase the risk of
accidents.

Kind regards
