Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	The village has no public transport and therefore traffic will be a huge problem. As will parking as the houses only have one parking space and according to some it is estimated to be 1.7 cars per household!

The houses at Sumners have not all sold and are being reduced in price, so obviously no need for further development. Flooding is also a problem with surface water too much in the area and overloading the existing drainage. Full and proper consideration for existing wildlife in the proposed and adjacent area has not been taken into account.

Kind regards
